

Geo 03-Student: Worksheet 1

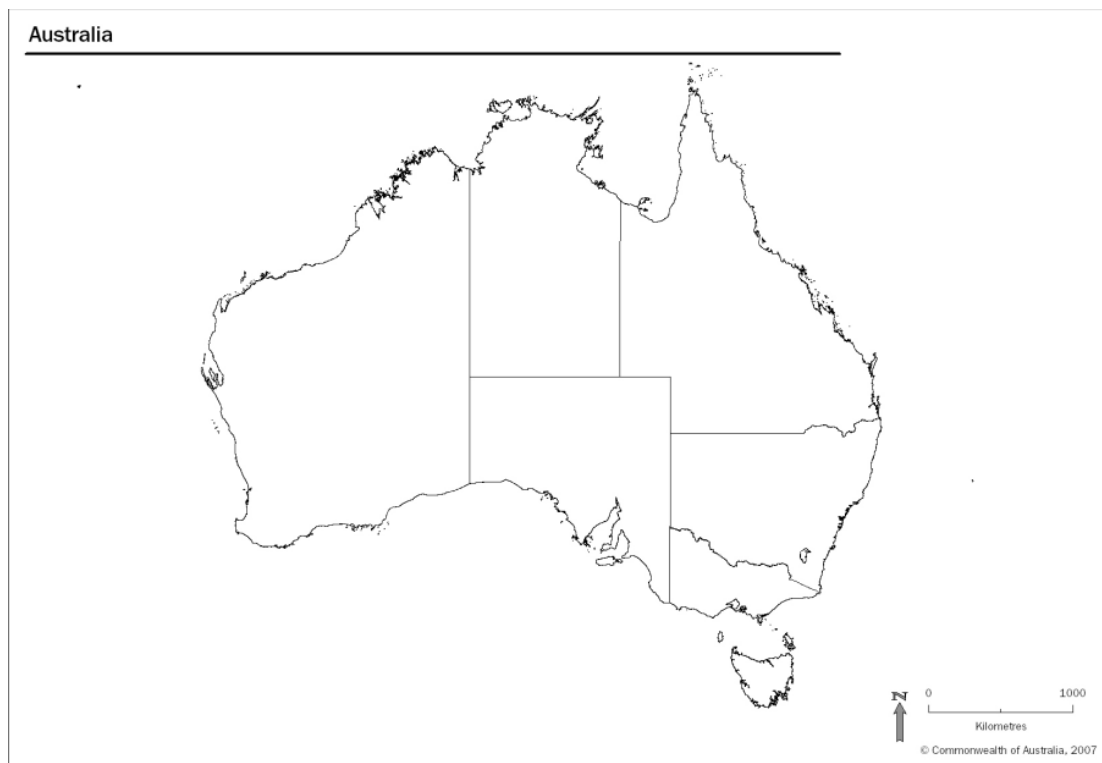

Population Distribution

Name _____ Class _____ Date _____

1. Where Do Australians Live?

- a) Use the blank map of Australia to show what you think is the distribution of population. Remember to give your map a title and a legend and a source.

Compare your map with those of others in the class and answer the questions below:

- b) How did you show the population distribution and why did you use this method?
- c) How is your map similar to others in the class
